Solvane Renewables plc

Annual Report 2025

Generating clean power across Ireland and the United Kingdom.

Chair's statement

This report covers the year ended 31 December 2025. It was a year of steady progress: we commissioned two onshore wind farms and signed our first corporate power purchase agreement.

All amounts in this report are presented in euro.

Financial review

Group revenue for the year was 96.2 million, up from 81.7 million, reflecting higher generation and stronger wholesale prices in the first half.

Adjusted EBITDA was 58.4 million.

Outlook

We expect installed capacity to pass 600 MW during 2027, subject to grid connection timelines.
